Design criteria

JEFF O'BRIEN

Jeff has two Bachelor degrees, Environmental Design and Architecture from the University of Kansas. He comes with 37 years of experience in the industry as a registered architect, with 28 of those years with Won-Door Corporation. As the District Sales Manager for Washington, D.C., Maryland, Virginia and Delaware, Jeff is responsible for all sales functions and the exchange of technical information with architects, designers, general contractors and owners. Jeff presents all AIA seminars to his clients and assists in resolving fire and smoke challenges in their facilities.
