

The American Institute of Architects (AIA) Continuing Education System

Acorn Vac Registered Provider Program Summary Handout

Provider: **Acorn Van**

Length: **1 Hour**

AIA Course Number: **IAV22A**

Credits: **1 AIA HSW CE Hour**

Course Title: **Vacuum Plumbing & a Sustainable Future:
Healthcare, Commercial & Industrial Applications**

Provider **#405108161**

Description

This course will help you learn more about the benefits of Vacuum Plumbing Systems in healthcare, commercial and industrial environments including contributions to sustainability and occupant health.

Learning Objectives

By completing this course the design professional will be able to:

1. Identify key components of a vacuum plumbing system and explain how they work together.
2. Explain the benefits of vacuum plumbing as compared to traditional gravity plumbing.
3. Explain how vacuum plumbing systems benefit the environment.
4. Explain how Vacuum Plumbing can help buildings become LEED certified
5. Explain how Vacuum Plumbing systems can reduce the spread of infections.

Method of Delivery

The course is offered to design professionals in a lunch and learn classroom setting. The course is presented in PowerPoint.

Cost to Participants

The course is sponsored by the manufacturer and is therefore offered to designers at no cost.
